

DUAL EVOLUTION PROFILE

DUAL's Coverage

DUAL Evolution is a packaged suite of products specifically designed to address the complex needs of medium to large businesses. It combines the tailored coverage of Directors and Officers Liability, Employment Practices Liability, Tax Audit, Statutory Liability and Supplementary Legal Expenses, and Crime Protection policies, with the simple transaction of Management Liability.

Management Liability Insurance, designed for SMEs, provides an adequate risk transfer solution for businesses with turnover less than \$50 million, however it doesn't adequately address the exposures of medium to large companies.

Our specialist Underwriters enable us to offer bespoke solutions, which can be tailored to a policyholder's unique risk profile. Competitive pricing more cost effective than separate policies which can be tailored to a policyholder's unique risk profile.

This allows us to provide competitive pricing, which is more cost effective than separate policies.
